

Ice Cream Making Steps

What You'll Need

- | | |
|-----------------------------|--|
| 1 Gallon sized plastic bag. | 2 tbsp. sugar. |
| 1 pint sized plastic bag. | 3/4 tbsp. vanilla extract. |
| 2 trays of ice cubes. | Any other toppings, like sprinkles. |
| 1 cup half and half. | |
| 1/2 cup salt. | |

How To make it

- STEP 1** Pour 1 cup half and half, 3/4 tbsp. vanilla extract, and 2 tbsp. of sugar into the small plastic bag. Seal the bag tightly.
- STEP 2** Fill the large plastic bag halfway with ice cubes. Sprinkle salt on the ice cubes.
- STEP 3** Put small bag inside the big bag of ice and salt. Seal the big bag tightly.
- STEP 4** TIME TO SHAKE! Shake the bag for 5-10 minutes until the mixture hardens and becomes ice cream.
- STEP 5** TIME TO EAT! Open the bag and pour out the ice cream onto a dish. Add toppings!
