

Roller Coaster Criteria

Inspired By a Holiday:

- Incorporates one of the following holidays into the design of the roller coaster (example: if the roller coaster was inspired by gardens, the roller coaster could be in the shape of a giant flower)
- Holiday options:
 - National Pizza Day (Feb 9)
 - Tell A Joke Day (August 16)
 - Squirrel Appreciation Day (Jan 21)

Design of Roller Coaster:

- Incorporates holiday into the design
- Has a change in height and elevation, meaning the roller coaster is taller at some points and shorter at other points during the ride
- Has a clearly labeled sign with the name of the ride
- Has at least one twist or turn
- Has a list of requirements to ride the roller coaster (example: age or height of person riding)
- Prototype is at least 14 inches tall and 10 inches long
- Prototype is sturdy and will not fall over if gently pushed with 2 fingers
