

# Elephant Collar Criteria

**Your collar must:**

- 1. Be comfortable for the animal to wear**
- 2. Be adjustable for growth, as the elephants will be growing throughout their lives**
- 3. Not inhibit the elephant from eating or drinking or from carrying out day to day tasks**
- 4. Possess wireless technology to determine when bullets are fired in the area**
- 5. Include a written explanation about how the collar's technology works to detect bullets and how it will help prevent poaching**
