

Choices of Animals

Animal: Squirrel

Notes from a wildlife specialist:

- Squirrels do not like the smell of spicy foods
- Squirrels are scared of water and sprinklers
- Squirrels live in places where there are trees, nuts, and other insects to eat

Animal: Raccoon

Note from a wildlife specialist:

- Raccoons can chew through plastic
- Raccoons hate the smell of mint, cayenne pepper, and mustard
- Raccoons are scared of loud noises

Animal: Javelina

Notes from a wildlife specialist:

- Javelinas are scared by bright lights.
- Javelinas knock over garbage cans by running into them
- Javelinas have a great sense of smell and look for garbage cans based on garbage they can smell
