

Steps to Create a Sunscreen Item

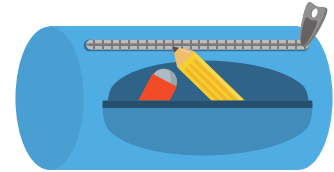

Step 1: You will choose an item that will remind kids to use sunscreen.

Hat

Water Bottle

Pencil Case

Step 2: You will decide how the item will work. How will it remind kids to use sunscreen? Here are some ideas.

This water bottle has a button. When you press the button, it will play a song. The song will remind you to put sunscreen on.

This pencil case has an alarm that will ring when you need to put sunscreen on.

Steps to Create a Sunscreen Item

Step 3: You will draw what your item will look like.
