**Chelsea the Urban Planner:  
Wants vs. Needs**

# Meet Chelsea!

**Hi everybody! My name is Chelsea, and I am an urban planner. An urban planner is someone who designs what cities look like.**

# Share Your Ideas!

**As a class, make  
a list of things  
that should go  
in a city.**

# Being an Urban Planner

I make sure that people have everything they need in a city. Here are some examples of what I include in every city!

**Houses**

**Hospitals**

**Roads**

**Police Stations**

**Water Tower**

**Grocery Store**

# What I Am Working On

Right now, I am designing a new place for people to live called Rose Town. Right now, Rose Town does not have any buildings or streets! I need to decide what to put in the town.

# Learning About Wants and Needs

When designing a town, I have to think about what people need. A need is what someone needs to survive.

Here are some needs that people have!

**Water**

**Food**

**Shelter**

Here is what I can put in the town so people have what they need!

**Grocery  
store**

**Houses**

**Fire Station**

# Learning About Wants and Needs

As I design the town, I think about what people want in a town. A want is something that someone doesn't need to survive, but something that they will enjoy! Here are a few examples!

**Basketball Court**

**Playground**

**Computer Store**

**Amusement Park**
