

Entrepreneur

Person who starts or runs his or her own business.

Inventory

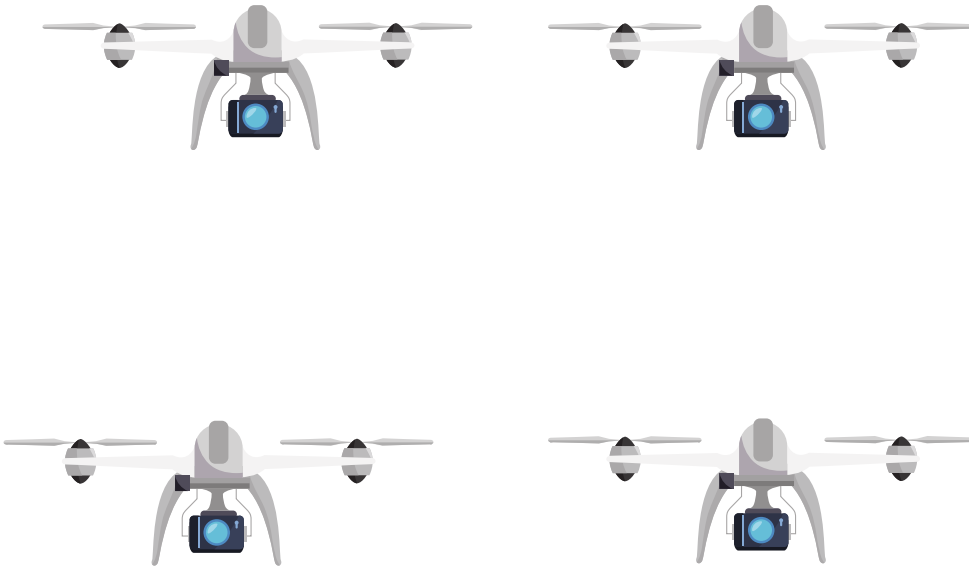

**A list of how many items a business owns.
For example, a restaurant might have 100
tomatoes or 50 hamburgers.**

Supply

How much of a product is available. For example, a store might have 6 tablets available to sell.

Demand

How much of a product people want. If 4 people want a new drone at a store, then that is the demand.
