

App Developer

An app developer is a person that builds and creates software and applications.

Mayan Civilization

A civilization in parts of Mexico and South America until the 1600s. Well known for their logo syllabic script, art, architecture, mathematics, calendar, and astronomical system.

Drought

**A very long time period of little to no rainfall,
leading to a shortage of water.**

Collapse of the Mayan Civilization

The Mayan Empire was successful and thriving from 250 AD to around 800 AD, until the empire fell apart over 200 years. Recently researchers have discovered the collapse happened during the same time as an extreme drought.
