

Name: _____

Cartoon Panel

Create a comic strip to explain what happens when air masses combine! Brainstorm ideas for your comic strip below.
Then, draw your comic.

Step 1: Choose an Audience

The audience refers to the people who will be looking at your cartoon. Circle one of the audiences from the list below.

- Meteorologists
- Teenagers
- Parents
- Someone Else: _____

Step 2: Decide on a Tone

Decide which type of tone your cartoon will have. Remember that the tone of your cartoon should match the topic you are covering. For example, it would not be appropriate to use to talk about endangered animals. Circle your choice below.

- Funny
- Serious
- Informative
- Dramatic
- Something else: _____

Step 3: Brainstorm Ideas

Brainstorm ideas for your cartoon by filling out the information below.

- Does your cartoon have characters? If so, describe them.

Air Masses and Weather

Name: _____

- Where does your cartoon take place? Describe the setting.

- What event(s) happen in your cartoon? List the events below.

- What images and words do you want to use in your cartoon? For example, do you want to use speech bubbles?

Name: _____

Step 5: Draw Your Cartoon

Use the panels below and on the next page to draw your cartoon and add dialog. You must use at least 4 panels, but you may use more if you wish.

Name: _____
