Teacher Key

1. Give an example of a rule at your school. Why is it important?

Answers may vary: An example may be walking in the hallways. This is important because it prevents accidents, like an injury from someone falling or tripping.

2. What would happen if your school didn't have rules?

Answers may vary: Learning would be much more difficult, schools would not be safe, and teachers would have a hard time teaching.

3. Pretend you are a principal. Create a new rule for students at your school.

Answers may vary: A rule could be allowing kids to bring candy and soda for snack!
