

Antique Appraisal Specialist

Someone who appraises antiques, which means he or she figures out how much the antique is worth and more information about how it was used and who made it.

Antique

**Item that was used or made a long time ago
and is now considered valuable.**

Indus Valley Civilization

Civilization that existed 4,000 years ago but no longer exists today. It was located in what is now known as India and Pakistan.

Lesson: Appraising Artifacts from Ancient India

Indus Valley Civilization Strengths

Known for its advanced technology, metal working, ceramics and architecture
