Understanding Supply and Demand

Supply

The amount of something being sold.

Demand

The amount of people wanting to buy something.

If the supply is LOW and the demand is HIGH the price goes UP!

If there is not a lot of milk at the store but a lot of people want to buy milk, the cost of milk goes up.

If the supply is HIGH and the demand is LOW the price goes DOWN!

If there is a lot of milk at the store, but not a lot of people who want to buy milk, the cost of milk goes down.
