

# Information in an Autobiography

**Information must be true.**

For example, If you are 3 years old, you should say you are 3 and not 4!

**Information must be on topic.**

For example, If your timeline is about playing sports, every event should be about the sports you played.

**Information must be in order.**

For example, If you learned to swim and then learned to drive, you should write about learning to swim first and then learning to drive.

# Making a Timeline

**Step 1: Brainstorm important events from your life. Write or draw 8 of the events in the boxes below.**
