

# What Plants Need to Grow

**Sunlight**

**Water**

**Nutrients in soil**

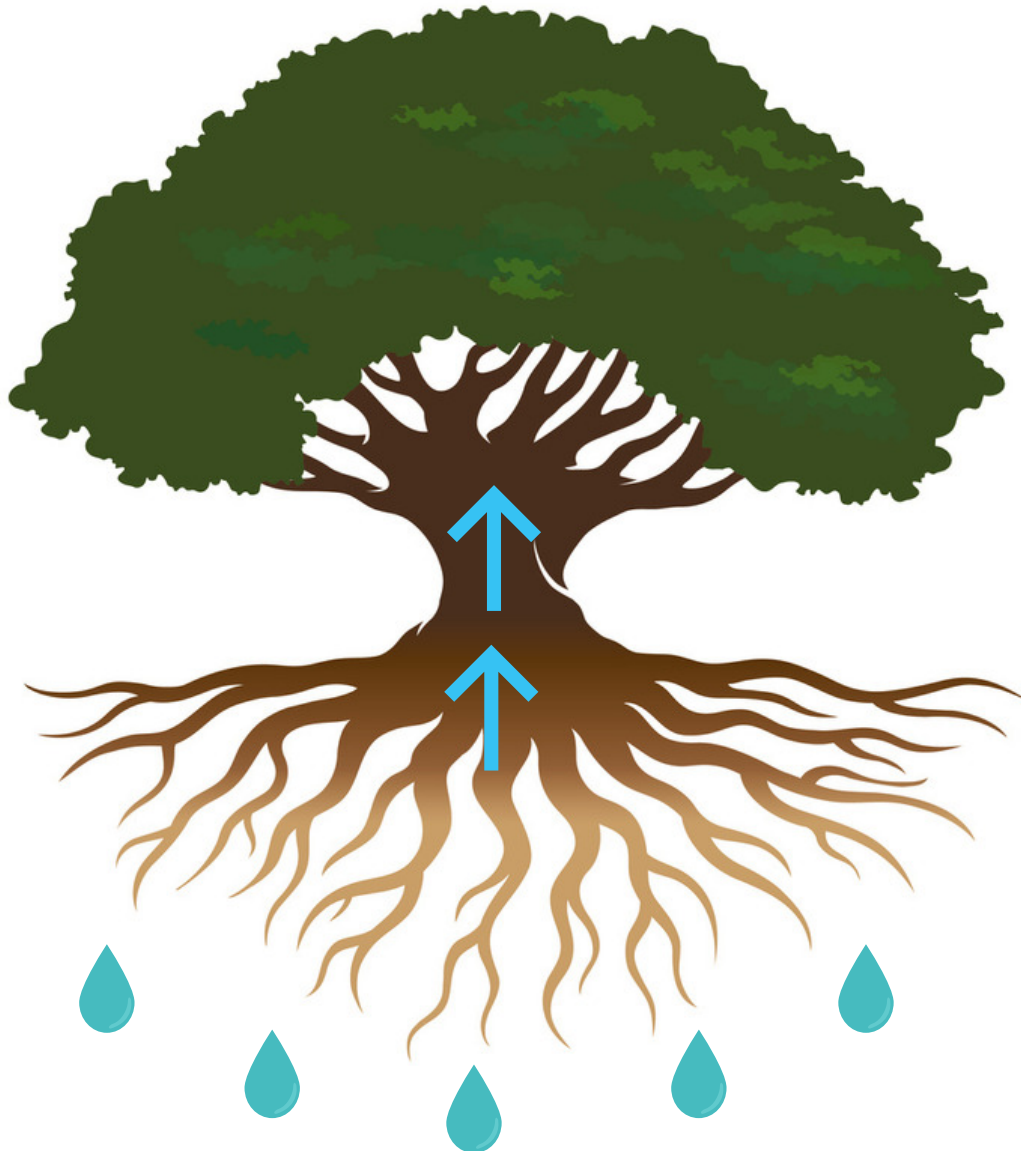

**Air**

# How Plants Drink Water

Plants get water from the soil, through their roots. Their roots pass the water through the rest of the plant.

# Examples of Results

# My Plant Observations

Draw what your celery looks like before you put it in a cup of water:

**Color:** \_\_\_\_\_

**Does your celery look healthy?** \_\_\_\_\_

**Would you eat this celery?** \_\_\_\_\_

# Learning About Plants

Draw what your celery looks like after it was in a cup of water for one day:

**Color:** \_\_\_\_\_

**Does your celery look healthy?** \_\_\_\_\_

**Would you eat this celery?** \_\_\_\_\_
