Bald Eagle As A Symbol

Meet Jerome. Jerome is an architect. Architects design buildings, like schools and houses.

Right now, Jerome works in Washington D.C.

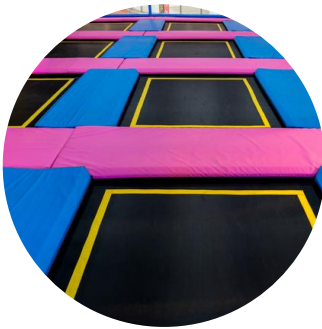

Washington D.C. is the capital of the United States. This is where the President of the United States lives!

Today, Jerome is designing a new building for the president in Washington D.C. Can you help Jerome design the building? Follow the steps below!

Step 1: Choose a Building

It is your job to choose a new building to design for the President. The building will be a place for the president to spend time with his or her family. Choose a building from the list below. Fill in the bubble under your choice.

Trampoline park

A place with many trampolines that people can jump on.

Indoor Playground

An area inside where you can play even if the weather is bad.

Rock Climbing Gym

A place with high walls that have fake rocks on them. People can climb up the walls and use a special rope to help catch them if they fall!

Pool

A place where people can swim.

Movie Theater

A room with a large screen where you can watch movies.

Step 2: Draw the Building

It is your job to draw a picture of what the building looks like. The building needs to have a bald eagle on it. A bald eagle is a bird that has a yellow beak and a white head. It also has large wings.

The bald eagle is the national bird of the United States. It is also a symbol in the United States. A symbol is an object that stands for something. The bald eagle is a symbol that stands for strength and freedom. Freedom means that you have a choice to live how you want to or do things you want to. For example, you have the freedom to speak any language you want in the United States. You also have the freedom to celebrate any holiday!

Draw a picture of your building in the box below. Don't forget to include a bald eagle in your drawing!
