Hi! I am Meredith. I am a business owner. I own a business called Bubbles and Dogs. At Bubbles and Dogs, dogs can get groomed! This means we wash dogs to make sure they are clean.

We also cut dogs hair and brush their teeth.

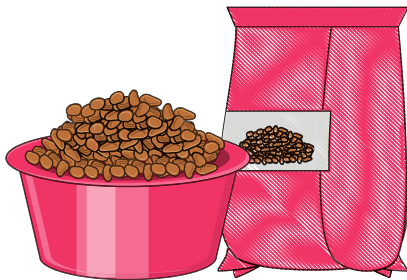

We give lots of hugs and treats to make sure dogs feel safe and happy when they come to Bubbles and Dogs.

We also have a shop at the front where people can buy treats, shampoo, and dog toothbrushes!

At Bubbles and Dogs, we sell goods and services.

A good is an item that people can buy. For example, dog food is a good.

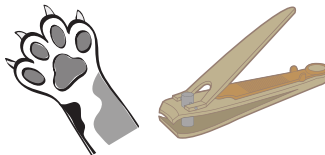

A service is an action that you do for someone else. For example, taking a dog for a walk is a service.

Look at the list below. Help me decide which item is a good and which is a service. Fill in the circle under your answer!

1. Trim dog's toenails

Extra Time? Help me finish making a sign to put on the front door. The sign will be in the shape of a dog bone. It is your job to:

- Write a note to welcome people to Bubbles and Dogs.
- Draw a picture of a happy dog getting a bath.
