

Name: _____

Being a Great Friend

Meet George! George is a helicopter engineer. A helicopter engineer builds helicopters! Helicopter engineers make sure that helicopters are safe for people to fly in.

Today, you will imagine that you are building a new type of helicopter that delivers notes to people who are great friends. Follow the steps below!

Step 1: Learn About Ways to be a Great Friend

Friendship is so important. A friend is someone who you have fun with, help, and listen to! Being a great friend means that you help your friends feel good about themselves! Here are a few ways that you can be a great friend!

- Ask people how they are feeling if they look sad.
- Include someone in a game during recess.
- Give a friend a high five and tell them to have a great day.
- Forgive your friends when they say they are sorry.

Now it is your turn! Think about ways that you can be a great friend during lunch, recess, and class. Fill out the boxes below.

Draw or write about a way you can be a great friend at lunch.

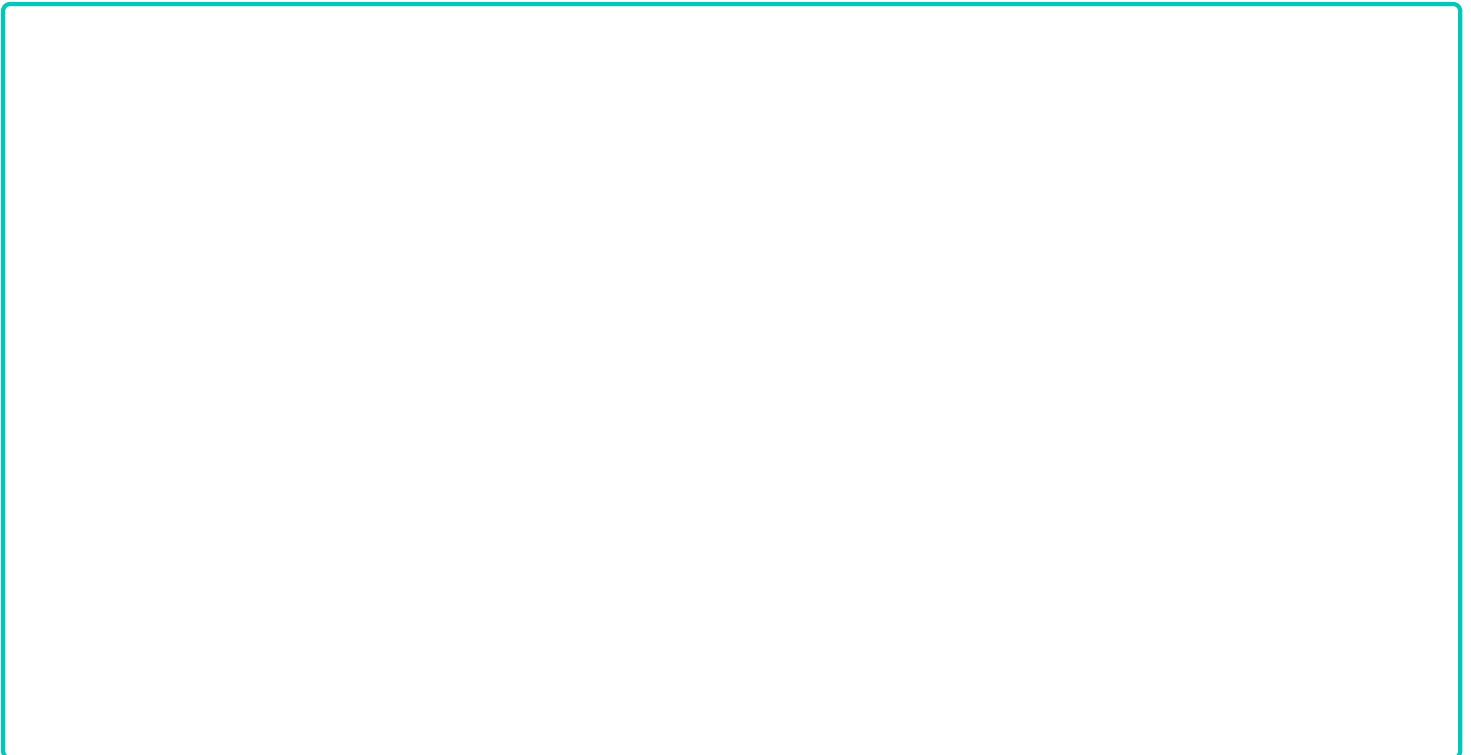

Name: _____

Being a Great Friend

Draw or write about a way you can be a great friend during recess.

Draw or write about a way you can be a great friend during class.

Name: _____

Being a Great Friend

Step 2: Design a Helicopter

Below, there is a picture of a helicopter! Underneath the helicopter is a note. Imagine that you are building the helicopter to deliver notes to people who are great friends. The helicopter will carry the note to people's houses or schools. First, choose a person in your class to write a note to. Next, fill in the note to deliver. The note will give a reason why the person is a great friend. Then, follow the steps on the next page to design the helicopter.

From:

Draw a picture of you and your friend.

You are a great friend because....

Name: _____

Being a Great Friend

Draw a way to attach the note to the helicopter. For example, you can draw a rope, a giant claw, or a net to hold the note.

Draw a picture of yourself flying the helicopter!
